djR Summer School of Rheology

Focus on Soft Matter

09.-11. September 2025

Confirmed lecturer:

- Prof. Ulrich A. Handge, TU Dortmund
- Prof. Andreas Wierschem, University of Erlangen-Nuremberg
- Prof. Valerian Hirschberg, Clausthal University of Technology
- Prof. Dietmar Auhl, TU Berlin
- Prof. Anja Maria Wagemans, TU Dresden
- Prof. Stephan Drusch, TU Berlin
- Rheometry specialists from TA Instruments, Anton Paar Germany, Thermo Fisher Scientific, and Netzsch will provide equipment and supervise the practical sessions

Concept:

After the success of the first edition, “die junge Rheologie” (djR) in cooperation with the **German Rheological Society (DRG)** and the **Technical University of Berlin** organizes its second djR Summer School in rheology for 2025. This year with a special focus on Soft Matter!

The **djR Summer School** is aimed at graduate students, PhD students, Postdocs and professionals in the industry with a special interests in the **rheology of Soft Matter**

The initiative is fully sponsored by TA Instruments, Anton Paar, Thermo Fisher Scientific, and Netzsch. It is therefore **completely free of charge** for the participants, who only have to register as **members of the working group djR as well as the DRG** and cover the costs of their stay in Berlin during these days
